¹ Includes expenditures for residential care facilities (NAICS 623210 and 623220), ambulance providers (NAICS 621910), medical care delivered in non-traditional settings (such as community centers, senior citizens centers, schools, and military field stations), and expenditures for Home and Community Waiver programs under Medicaid.

² Includes freestanding facilities only. Additional services of this type provided in hospital-based facilities are counted as hospital care.

³ Includes care provided in nursing care facilities (NAICS 62311), continuing care retirement communities (623311), state and local government nursing facilities, and nursing facilities operated by the Department of Veterans' Affairs (DVA).

⁴ Includes all administrative costs (federal and state and local employees' salaries, contracted employees including fiscal intermediaries, rent and building costs, computer systems and programs, other materials and supplies, and other miscellaneous expenses) associated with insuring individuals enrolled in the following health insurance programs: Medicare, Medicaid, Children's Health Insurance Program, Department of Defense, Department of Veterans' Affairs, Indian Health Service, workers' compensation, maternal and child health, vocational rehabilitation, Substance Abuse and Mental Health Services Administration, and other federal programs.

This includes administrative costs, and in some cases, additions to reserves, rate credits and dividends, premium taxes, and plan profits or losses. Also included in this category is the difference between premiums earned and benefits paid for the private health insurance companies that insure the enrollees of the following programs: Medicare, Medicaid, Children's Health Insurance Program, and workers' compensation (health portion only).

⁶ Research and development expenditures of drug companies and other manufacturers and providers of medical equipment and supplies are excluded from "research expenditures" but are included in the expenditure class in which the product falls.
